## Summer 2015|Surrey Summer Camps| Upcoming Events

### SuperChefs Camps 2015 in Surrey

We are looking forward to our Summer 2015 SuperChefs camps in partnership with Surrey School District SD36. Our camps will continue to teach basic food skills to kids aged 8-12 years at the following schools, as well as basketball and sports skills, nutrition and a few new twists including some food literacy, food science and oral health experiments! Through funding from Service Canada and continued support from Sinclair Dental and Dentsply, we have hired University students from across Canada who have worked with SuperChefs over the years, and those that bring new skills to the team-from different backgrounds including nursing, business and health science students from UBC to Queens University-to help deliver our message of wellness

### Camp Schedule

#### **Surrey School District 2015**

Transitions Camps: teaching Grade 8 students sports skills and nutrition/food advocacy/science

**July 6-17th-** Four high schools in SD36 district (Queen Elizabeth, LA Matheson, Kwantlen Park, Guildford Park)

#### **SuperChefs Camps 2015**

**July 13-16 - Bridgeview Level 1**

**July 20-13 - James Ardiel Level 1**

**July 27-30 - AHP Matthew Level 1**

**August 11-14 - Level 2 with kids from Bridgeview, James Ardiel and other kids from SD36 who completed Level 1 in the last 2 years**

## **SuperKids Program: New Partnership between SuperChefs and Enactus begins**

We have also partnered with Enactus, an international organization that connects student, academic and business leaders through entrepreneurial-based projects that empower people to transform opportunities into real, sustainable progress for themselves and their communities. One of our Youth Coordinators, Ryan Chang at Bishops University, will lead an Enactus team this September to implement a program at their University with the intension adding new elements to the program and competing in International Enactus competitions. With Enactus dedicated to making the world a better place through entrepreneurial action, we are excited to launch the SuperKids program at Bishop's University.
